## Slow Cooker Salsa Chicken

### Instructions

- Place chicken in the bottom of crockpot
- Sprinkle with taco seasoning on both sides of chicken
- Pour jar of salsa over chicken
- Place optional diced bell peppers
- Pour frozen corn on top
- Then pour second jar over the entire thing
- Place lid and turn crockpot on low for 6-8 hours. High for 3-4 hours.
- Before serving shred chicken up and let set for 10 minutes to allow salsa to marinate the shredded chicken.
- Serve over lettuce to make a salad. Use tortillas and make tacos or burritos. Put over chips and make nachos. Just throw it in a bowl with sour cream and eat like a hearty soup.
